

Spring has Sprung

Spring is here, which means there is a wide variety of fruits and vegetables coming into season. Most fruits and vegetables are available throughout the year however purchasing seasonal fruits and vegetables is cheaper. This is because they are more abundant and locally grown. So, remember to buy seasonal fruit and vegetables and shop around to get the specials as prices do vary.

What's in season?

Fruits: Oranges, Tangelos, Kiwifruit, Melons and even Berries

Vegetables: Carrot, broccoli, cauliflower, spinach, silver beet, asparagus, lettuce, radish, broad beans and avocado

Start experimenting with spring meals, below is two ideas to get you started.
